PR 2/25 | FIA World Rally Championship – WRC2
38 Jänner Rally

Jan Černý starts the season with a brilliant third place in the Jänner Rally

5/1/2025

Positive contact ahead of the next Rally Monte – Carlo, an event where the driver based in Costa Adeje (Tenerife) will begin his program in the World Championship within the WRC2 category. In Austria, together with Ondřej Krajča, he achieved the third place overall, winning some stages in winter conditions, with the same Citroën C3 Rally2 that he will use in the opening round of the WRC.

Jan Černý and Ondřej Krajča leave Austria with the feeling of having had an excellent Jänner Rally. The driver residing in Costa Adeje (Tenerife) took advantage of this event due to its similarity with the Rally Monte - Carlo (January 22/26), the first round of the World Championship (WRC) that he will face with this same Citroën C3 Rally2 within the WRC2 category.

From the first moment, the Černý-Krajča couple was battling for the top positions, especially with the local specialists, who are well versed in the Austrian stages and their icy conditions. The driver of Czech origin was getting back on a Rally2 after many months and the truth is that he was at the level on some delicate stages where, finally, ice and snow were the protagonists, two elements that were not fully assured at the beginning of the week of the Jänner Rally in its 2025 edition.

The final balance with this visit to Austria could not have been better. Jan Černý and Ondřej Krajča showed a good speed and, after almost 200 km against the clock, achieved a brilliant third overall position, winning some of the slippery stages in the process, which will allow them to arrive with more confidence at the opening round of the WRC.

“We are leaving Austria very happy. We went fast and were only surpassed by two local drivers who know the route quite well. We showed good speed and that makes us optimistic about what is to come”, highlighted Jan Černý, already heading home. Looking ahead to the Rally Monte – Carlo, it has been a good training weekend, some good kilometers that we will extend days before with a test prior to the first world championship rally of our season”, he stressed.

This program is possible thanks to Costa Adeje Tenerife Sur, GK AutoTeile, Ángel Bello Motorsport, ZEK Mobility, FBL Front Brake Light, Auto Černý, P4 Automotive, Proresta, RS Vision, GoodCase, InterCars, Kreindl, E & S, CHOOOLIGAN, K4Rally y KD.
